The **G21 Office Centre** offers 2,300 m² of modern office space, 600 m² of service and retail space with pedestrian access and 500 m² of technical space. Upon the completion of extensive modernisation and rearrangement, the G21 Office Centre reappeared on the market in 2016 as a facility offering Class A office space. All areas have been designed in a way that allows the separation and arrangement of the rental space to meet the expectations of even the most demanding customers.
